

## הקלאות או לאית רבדים

A photograph of a massive industrial greenhouse. The structure features a long, curved glass roof supported by a steel frame. On top of the roof, numerous solar panels are installed in a grid pattern. The interior of the greenhouse is visible through the glass, showing rows of plants growing under controlled conditions. The sky above is clear and blue.

A photograph of a massive industrial greenhouse. The structure has a long, curved roof supported by a steel framework. A series of solar panels are mounted along the side of the roof, partially covering the glass panels. The surrounding land appears dry and sandy, suggesting a desert or coastal environment.
